Coach Leon Daniel

Coach Leon Daniel, the visionary behind Trident's Water Polo Academy, previously served as the assistant coach for both men's and women's teams in Trinidad and Tobago. Additionally, he held the position of head coach for Trinidad and Tobago's under 14th Co-ed team. With a proven track record, Coach Daniel demonstrates his ability to construct successful teams across various levels of competition throughout his professional journey

Mission Statement

Trident's Academy strives to inspire challenge and develop young athletes and equip them with the necessary skills to be versatile in their domain.

Vision Statement

Trident's water polo Academy strives to build a club that is authentic and community centric acting with integrity and accounting for one another and the young people we serve.

Business Summary

Trident's Academy is aimed at providing superior education and training in water polo, for schools and communities, generating revenue by; membership fees, event, summer camp fees, allowing opportunity to train year-round. In future we plan to incorporate the academic factor to generate more revenue by building portfolios for athletes thinking of getting college scholarships.

Observation

There is no structured institution in Trinidad and Tobago specifically in Diego Martin and San Fernando area where children can learn Waterpolo from an early age on in addition facilities are lacking quality and do not provide parents and schools with the chance to learn the sport furthermore for CSEC and CAPE graduates there is no continuity lastly there is no sporting complex that offers a healthy snack.
